

## Chapter 13

### Activity 3: Paper Cost

1. Calculate paper cost on selective menu items:
  - a. Acai Bowl
  - b. Raw Oatmeal Cookie
  - c. Green Apple Chia
  - d. Shots
  
2. Review paper cost calculation & troubleshooting guide.

Discuss:

You notice that your paper cost percentage is 5% higher than usual. What are the steps to correct this?

If your paper cost percentage is too high, what is the impact on you and the store?

How does a low paper impact the guest experience?

If paper costs are too high, what could be the impact for the guest?
